SmartED Innovations

VIT Bhopal University

About

Passionate Computer Science undergraduate at VIT Bhopal with a strong focus on Python programming, 3D mathematical modeling, and emerging AI technologies. Dedicated to continuously expanding my technical expertise through innovative projects, academic pursuits, and practical applications. Skilled in developing creative solutions, exploring new software tools, and applying mathematical concepts for visual and analytical purposes. Eager to contribute to dynamic tech environments and growth opportunities in software development, AI, and data visualization. Always motivated by learning, collaboration, and pushing the boundaries of technological innovation.
